SCHOOL PROFILE 2024 - 2025

Our Purpose

To educate students to become ethical leaders for the continually changing and diverse globalized world.

General Overview

Colegio Karl C. Parrish, founded in 1938, is a nonprofit, private, non-sectarian elementary and secondary school that is open to children of all nationalities. KCP integrates a bi-national, multicultural, and bilingual curriculum (Colombian and U.S.) with the purpose of offering its students a broad scope of the world.

Aproximately 95% of our students graduate with both diplomas (**a U.S. High School Diploma & Colombian Bachillerato**). Our mission is oriented toward the formation of well-rounded individuals with discerning and creative minds. The school recognizes the value of every human being and his or her right to liberty, respect, and personal development. The school's purpose is to prepare students to be ethical leaders who are capable of meeting global challenges and of addressing the continuous changes and demands influencing their country. The language of instruction is English and Spanish.

Faculty

Most of our secondary staff are bilingual, including our local staff, allowing us to have the majority of instruction in English. Our teachers hold teaching certifications from the United States, United Kingdom, Jamaica, Barbados, Colombia and Canada, with 40% of them holding advanced degrees.

TRANSCRIPTS

The GPA is based on the cumulative grade average (9th - 12th). KCP does not rank students.

In the 2024-2025 school year, Karl C. Parrish School shifted from a 100-point grading scale to a 4.0 scale in a Standards - Based grading approach. The passing grade is 2.0.

Important Note to Universities

The GPA shift on grades 11th and 12th for the graduating class does not reflect a decline in student performance, but rather an adjustment to a new grading system. We request your understanding and consideration when evaluating the GPAs of these students.

This graph demonstrates the growth in Advanced Placement (AP) participation at Colegio Karl C. Parrish from 2020 to 2024. Over this period, the number of AP students and exams taken significantly increased, reaching a record high of 114 students and 194 exams in 2024. While the percentage of students scoring 3 or higher has slightly decreased, this can be partially explained by the increased number of students enrolling in AP courses and taking exams. The broader participation reflects the school's commitment to fostering academic rigor and expanding access to challenging coursework.
